## TIPS FOR PROCESS AUTOMATION SUCCESS IN 2021

Deploy a no code automation tool

- ▶ Overcome demand for process automation, by empowering businesspeople to digitize
- ▶ Start digitizing the obvious processes, requested by clinicians
- ▶ Say goodbye to manual/invisible paper and spreadsheet processes
- ▶ Choose cloud first process automation for the best security, affordability and availability
- ▶ Empower your hospital with rich data for process improvement

## TRUSTED BY

*"You have better outcomes when clinicians have access to digital data and are not running around looking for paper to treat patients. That's our driver for digitizing processes with FlowForma Process Automation."*

- Mark Graham, Director of ICT, Beaumont Hospital
