MEMBERSHIP

Joining the Institute of Health and Social Care Management (IHSCM) is a place for health and social care to learn, share, and innovate. It's a supportive environment that aims to provide you with the resources you need whilst also empowering you to share your knowledge with other members.

Your IHSCM membership offers you a wealth of benefits:

- CPD accredited courses
- Social care resources - Support guides and more
- Free access to events - Including all Health and Social Care Chats
- Networking opportunities - With our partners and industry leaders
- Exclusive content created with our partners and members
- Innovation groups - becoming the solution.

The IHSCM is your place to be the voice of health and social care.

WHY SHOULD I JOIN?

The IHSCM is committed to supporting the learning and development of our members. We do this by celebrating and recognising the wealth of knowledge and expertise of our members. The essence of the institute is peer support, learning and sharing knowledge from one to another.

No Additional Costs: We're also proud that, unlike other membership bodies, we have no additional costs. Everything offered to you as a member is included in your membership fee. There are no 'members rates' for events, no 'early bird rates' for our conferences, and definitely no additional costs for any of the training courses we currently have.

1

Peer Support: The Institute of Health and Social Care Management is a safe place where Managers, Leaders, those wanting to influence real change in Health and Social Care, can join to develop themselves and support the development of others.

2

Have Your Voice Heard: The IHSCM is a platform for you to have your voice heard by taking part in reports, surveys, and special interest groups. You will have the opportunity to support us at our national conferences, and represent yourself, instead of being represented on behalf of. We don't believe in 'about us without us', we instead believe in collaboration and coproduction.

3

Integration: We are also bridging the gap between health and social care. We want our members to feel confident that they can work together across sectors. Health and Social Care are at their strongest when working together, we want to create solutions that support both.

4

COURSES

The IHSCM currently have 16 courses, created in partnership with industry leaders and experts, that you will now have access to, with your membership. We are always developing our content in line with what our members want and need.

Introduction to Mentoring - CPD Accredited -

This course has 6 Modules, and offers an introduction to mentoring and its theory and practice; whilst giving you insight into how to mentor your organisation and team. You can undertake this course at a pace that suits you and have access to the programme facilitators; Amanda Reynolds and Chris Birbeck, whilst you train.

Effective approaches to Communications - CPD Accredited -

This course is primarily aimed at non communications specialists in health and social care, and designed to equip members with an understanding of basic concepts of how communications activity works in practice and what it could do for them. The course will introduce you to some of the concepts of how PR works, how it might work for you, and how you can leverage your resources.

How to Use & Report Data - CPD Accredited -

Course leaders Sam Riley and Karen Hayllar from the Making Data Count NHS Team have produced 4 20-minute modules designed to improve and enhance your knowledge, skills and understanding of data analytics and how to make data count.

Introduction to Mediation CPD Accredited-

This short course will introduce you to the principles of mediation and provide you with opportunities to reflect and practice these skills, as well as understanding where to apply them. It will also help you to understand points of escalation and how spotting these can be key to maintaining professional and productive relationships at work.

COURSES

continued

High Performance Leadership CPD Accredited -

The IHSCM are proud to present our High Performance Leadership programme for the 2020s. It includes topics such as; leadership styles, communication, behaviours, how to give effective feedback, how to listen and engage and the language we use, personal wellbeing, time management, Coaching and Planning.

How to Build Resiliency CPD Accredited- This course has been created by Dr Kate Allatt, Young Stroke Advocate, Inspirational Resiliency Speaker, Stroke Rehab Times Columnist, and GripAble Rehab Ambassador.

Over three modules, you will learn skills to equip your own personal toolkit, gain knowledge and understanding, and develop your resiliency in the workplace.

How to Conduct an Appraisal - delivered by IHSCM CEO Jon Wilks.

You will learn about

- Preparation for the appraisal
- What to do in the appraisal
- Following up after the appraisal

Conducting the perfect appraisal is something many managers and leaders are keen to achieve. Jon Wilks is delighted to bring his expertise and knowledge to you in this course so that you might be able to build on your own current abilities to improve your approach to team appraisals.

Introduction to Greener Care - This We are excited to be bringing this Greener Care Short Course in conjunction with our partners Improvement, Care and Compassion, The Centre for Sustainable Healthcare and Autumna, and including contributions from many of our members and important perspectives from patients, manufacturing and third sector partners. This course is aimed at all staff within health and social care who wish to improve their understanding of environmental issues and is designed to equip members with knowledge of both the basic scientific facts, and how the actions that we take at home and at work impact on climate change and the health of the planet.

Introduction to Emergency and Crisis Response Leadership - Welcome to our short course masterclass, an Introduction to Emergency and Crisis Response Leadership. This course has been developed and delivered by Colonel David Bates FIHSCM, who leads University of Cumbria's postgraduate programmes in disaster, crisis and humanitarian response. By the end of the course, learners will have a clear understanding of key concepts, practical applications, and the ability to critically analyse and apply what they've learned in real-world scenarios.

Introduction to Coaching CPD Accredited

This course has been created by IHSCM Member, Lucy Buxton RN, Coach, Quality and Compliance Consultant and NLP Trainer, **LJB Coach Consultancy**. Made up of 5 modules you will look at what coaching is, what the journey looks like, the different types of coaching and a broad look at the process.

HIGH PERFORMANCE LEADERSHIP COMPETENCIES FRAMEWORK

From the Institute's foundation in 1902, the aim of the IHSCM has been to support and encourage the development of our members. **The High Performance Leadership Competency Framework is a modular approach to professional development** which members can access and engage with as appropriate to their role, interests, and career progression.

The **Member Exclusive** framework focuses on leadership behaviours and skills, consistent with the **IHSCM code of practice**.

All content and events that are part of the framework will demonstrate their points value. Completion of a task or attendance at events will entitle you to collect these points, add them to your learner record, and keep track of your progress.

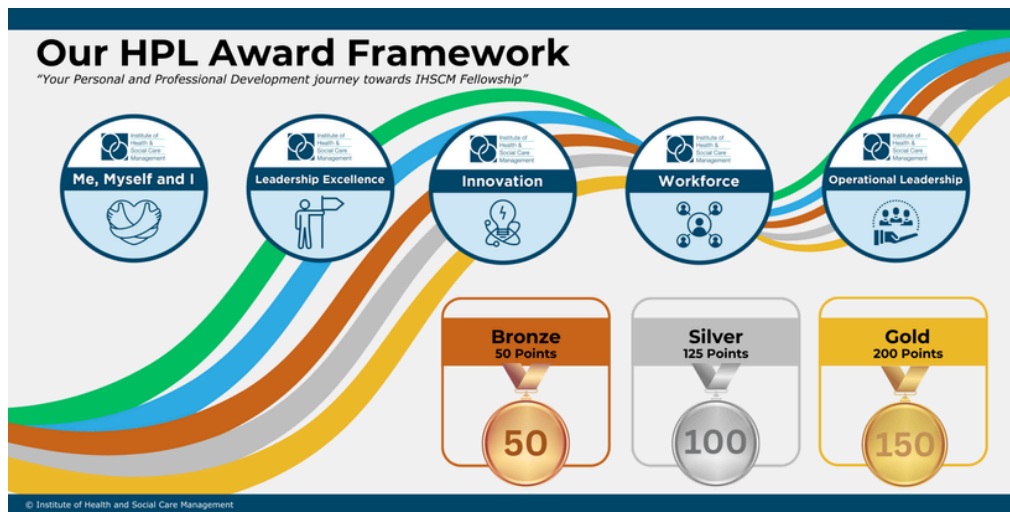

Every year, you can achieve a Bronze (50 points), Silver (100 points) or Gold (150 points) High Performance Leadership Competency Framework Award.

This is a voluntary initiative and we hope you enjoy working towards the 5 competencies below. To find out more and enrol on the framework click here - <https://ihm.org.uk/hpl-dashboard/>.

<https://ihm.org.uk/hpl-dashboard/>

HPL POINTS

In addition to attributing points for attending events, workshops, undertaking short courses or watching recorded content and podcasts, you can also earn points by:

- **Attending Special Interest Group Meetings**
- **Presenting at an event or being part of a panel discussion**
- **Chairing a Special Interest Group Meeting**
- **Writing an article for our quarterly e-Magazine**
- **Submitting a Guest Blog**
- **Reading IHSCM publications and reports**

The total number of points is the qualifier for our HPL awards, not the acquired skills through IHSCM membership. Therefore, if you and your employer would like you to focus on a particular skill, e.g. 'Organisational Development', please work towards this skill. Any content that addresses the other four competencies are then a bonus skill.

Point tracking for our HPL awards will run academically from **1st February to 31st January** the following year. If you have earned an award, you will be notified by email. Please ensure your IHSCM membership contact details are kept up-to-date to ensure you receive this notification.

If members achieve our **HPL Gold Award** for 2 years running, they will also attain fellowship of the institute and accrue the postnominals FIHSCM. *Please read page 9 for more information.*

You can accrue a large number of points across several of our five competencies by studying an online short course masterclass with the institute. **These courses have been designed and delivered by experts in their field; sharing lived experiences, lessons learned, best practice solutions, a toolkit of practical resources and CPD accreditation***

*We are working towards CPD accreditation for all our short courses. Where a course has been undertaken without CPD accreditation, this will be issued in lieu when accredited.

<https://ihm.org.uk/hpl-dashboard/>

FELLOWSHIP

1. Fellowship is open and available to any member, irrespective of their relative seniority or experience.
2. There is no additional charge for Fellowship application or award.
3. The award of Fellowship involves a 2-year process of attendance, contribution, support and commitment.
4. In each of the 2 years, **members should accrue 150 HPL points (HPL Gold Award) and 12 hours of mentoring.**
5. In each of the 2 years, applicants should present at, or contribute to, the development of a workshop, masterclass, conference, round table or PowerHour.
6. During the 2 years, applicants should be able to demonstrate, through a 500-word written application to be submitted at the end of the 2 years, how they have supported/encouraged/inspired fellow members through, for example, mentoring or coaching or other contribution.
7. A Fellowship review board will consider applications and make the recommendation of awards.
8. In the short term, we will consider applications from any member who can demonstrate substantial commitment to the IHSCM over the last 2 years and can confirm points 5 and 6 above. This might include, for example, members who have contributed to the People Plan, conferences and Special Interest Group Meetings.

BECOMING THE SOLUTION

At the IHSCM, we are keen to start **bringing the solutions** to the social care sector. Our members are integral to this, as we believe the voice for social care has to be from social care.

Our '**Social Care Innovators**' group launched in January 2020 and has already achieved amazing outcomes that are starting to help shape the social care.

The Innovators group is made up of 8 sub groups, each with their own mission and desired outcomes to benefit the sector.

When you join the IHSCM, you're not just becoming a member, you're becoming a Social Care Innovator.

You will be able to work with other members and industry leaders to help create amazing solutions like our **People Plan For Social Care**, or start fantastic initiatives like our **#GreenHeartForSocialCare** campaign.

Join the groups you want to join, to help the sector succeed!
